# 1 Preinstallation Requirements

## Documents You Will Need

To install and use your system, you need the following documents.

- These manuals from the Customer Hardware Information Kit:

*Site Preparation*

*Installation*

*Operation*

*Troubleshooting and Diagnostics*

- Console terminal documents found with the console terminal
- Documents for any other devices such as expanders or printers
- Operating system and/or factory-installed software documents

If you are installing a DSSI VAXcluster configuration, and you are a licensed self-maintenance customer, you should be familiar with the contents of your *DSSI VAXcluster Installation and Troubleshooting* manual.

---

## Caution

---

Review the system warranty. The terms of your agreement with Digital may require that a Digital service representative install your system. Contact your local Digital representative if you have any questions.

## 2 Installation Procedures

### Assumptions

This checklist assumes that your entire system arrived and that you are ready to unpack and place it in its appropriate location.

### How to Use This Checklist

Use this checklist in conjunction with, not as a replacement for, your system *Installation* manual. The numbered procedures in this checklist correspond to the numbered procedures in that manual.

Each procedural step in this checklist makes reference (in parentheses) to the manual that contains more information about the step. As you complete each step in the *Installation* manual:

1. Refer back to this checklist.
2. Verify that you performed the required task.
3. Check the appropriate box.

## 2.1 Verify Site Preparation

- ☐ Is there adequate power for your system and its peripherals? (*Site Preparation*)
- ☐ If you are installing a DSSI configuration, did you make sure your site power distribution system does not have any grounding faults? (*Site Preparation*)
- ☐ Are you allowing enough space for your system? (*Site Preparation*)
- ☐ Does your site maintain the proper environmental operating conditions? (*Site Preparation*)
- ☐ Did you gather the tools you will need? (*Installation*)

## 2.2 Check the Shipment

- ☐ Did you unpack all the shipping cartons? (*Installation*)
- ☐ Did you check the Product Delivery Document against the Content Listing or Barcode Label for each carton? (*Installation*)
- ☐ Did you compare the contents of your cartons with the Content Listing for each carton? (*Installation*)

## 2.3 Position the System

- ☐ Does the location for your system meet the system's weight and space requirements? (*Installation, Site Preparation*)

## 2.4 Open the System Doors

- ☐ Did you find the key to the lock in the shipping carton? (*Installation*)
- ☐ Did you turn that key to the bottom position to unlock the upper and lower doors? (*Installation*)
